2nd April - 32nd Foundation Day of Mentaïd and

World Autism Day

On 2nd April 2025, Young Indians, in collaboration with Mentaïd, organised an event to celebrate the 32nd Foundation Day of Mentaïd and the World Autism Day. Students from Mentaïd, accompanied by the staff members, parents and representatives from Young Indians, enjoyed themselves at the OTIUM Café on Shakespeare Sarani. The programme was very engaging and entertaining with the children playing and dancing to the beats of groovy music. The event concluded on a delicious note with plates full of delectable food thoroughly enjoyed by the children.

11th April - New Year Celebrations

On the 11th of April 2025, Mentaïd celebrated the New Year in a more inclusive manner. Culturally diverse India was portrayed by the colourfully attired students who ushered the New Year and the Easter celebrations together.

Poila Baisakh of Bengal, Bohag Bihu of Assam, Vishu Sadya of Kerala... all of which fell on 14th and 15th of April along with Easter on the 20th of April—was celebrated through dance and music presented by the students.

Easter signifies a new beginning and a new life, as does Poila Baisakh, Bohag Bihu and Vishu Sadya. The students and the staff welcomed the new and enjoyed themselves by jointly participating and performing.
